

BRISTOL COUNTY SNAPSHOT

Housing

In 2025, 12% of Bristol County respondents reported housing issues that were a direct result of COVID-19.¹

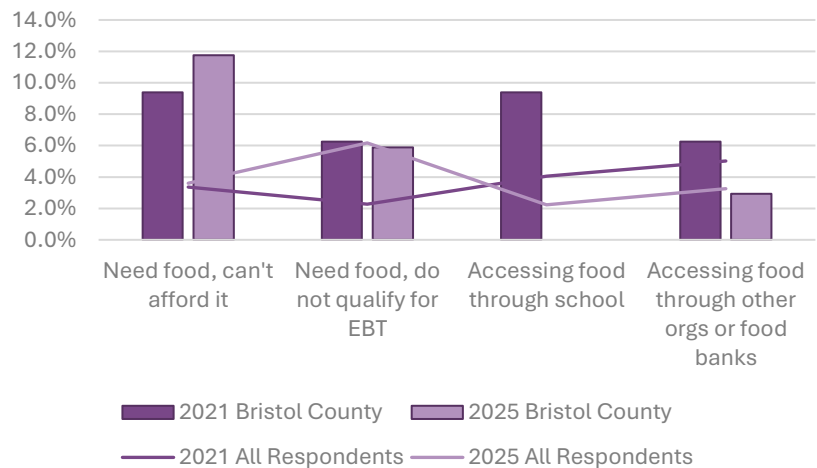

Figure Bristol 1: "Do any of these housing issues apply to you as a direct result of COVID-19?"

Accessing food

In 2025, 15% of Bristol County respondents were having trouble accessing food. This reflects just a one percentage point decrease from the 16% of Bristol County respondents who had trouble accessing food in 2021.

Figure Bristol 2: "If you are having difficulty accessing food, which of these apply?"

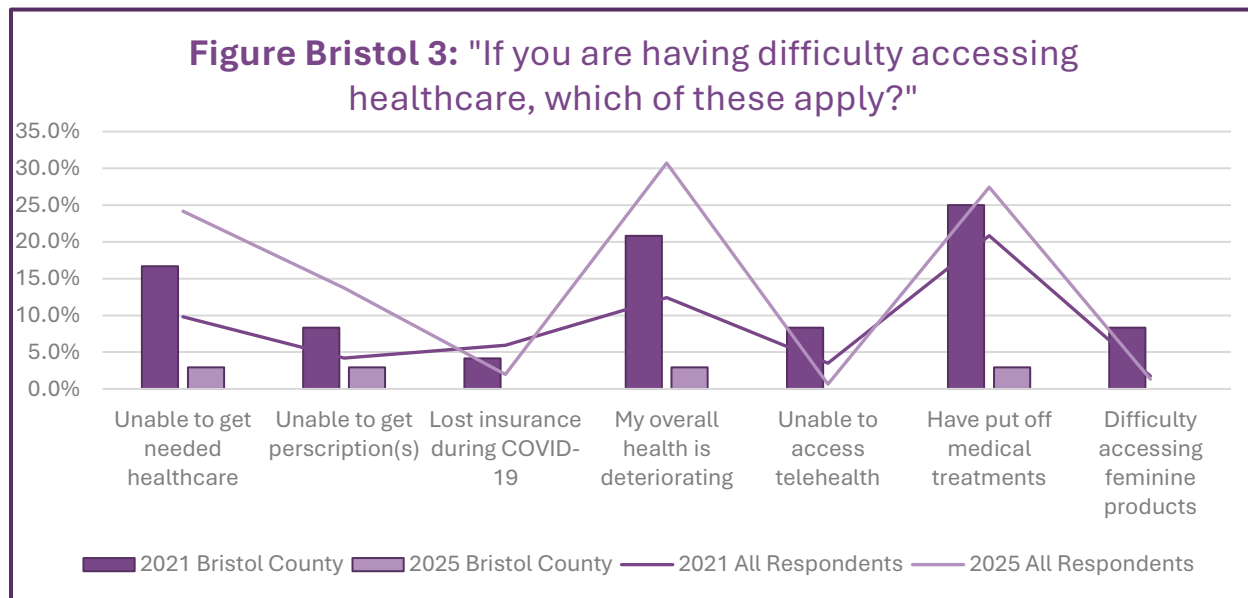

¹ In 2021, respondents did not have an option to indicate "none of these apply", therefore, for that year's data, it is not possible to see the percent of the total that experienced housing issues. For clarity, only 2025 county-data is reported here.

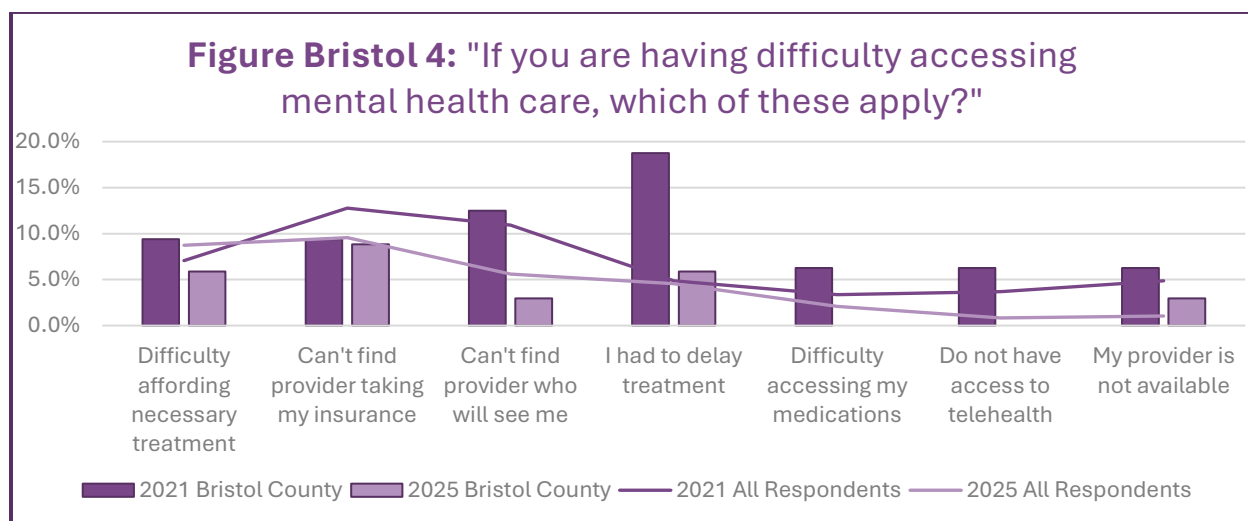

Healthcare

In 2025, 6% of Bristol County respondents were having difficulty accessing healthcare. This is a substantial percentage lower than in 2021, when 22% of Bristol County respondents were experiencing difficulty.

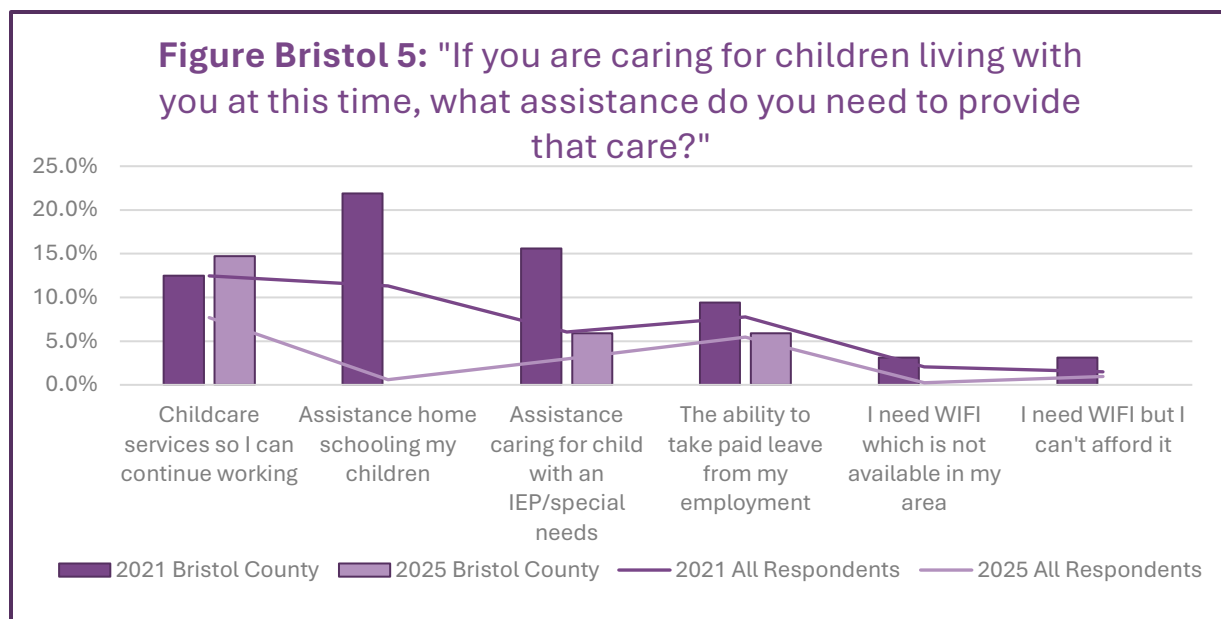

In 2025, 32% of Bristol County respondents had experienced discrimination in healthcare settings.

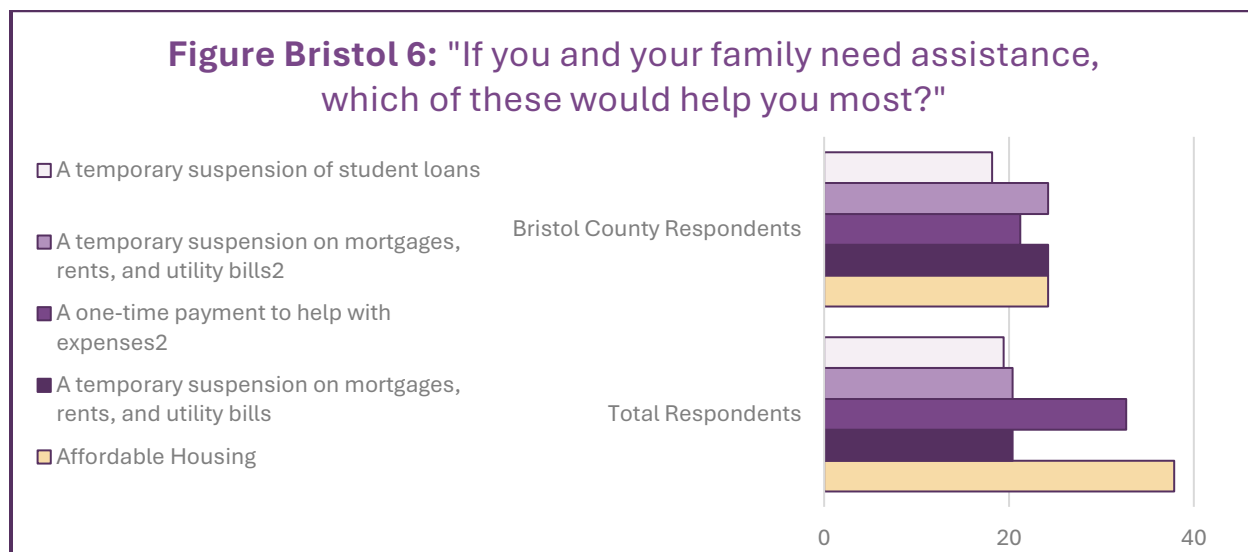

In 2025, 9% of Bristol County respondents were having difficulty accessing mental healthcare, compared to 25% who were having difficulty in 2021.

Dependent Care^{2,3}

Assistance Needed

² In 2021, respondents were given the options of "COVID 19 vaccinations" and "Reopening of schools", in addition to those listed here. These options were not included in 2025 and, therefore, omitted from the data displayed here.

³ Fewer than 10 respondents indicated caring for adults living with them in both 2021 and 2025.
