

HAMPDEN COUNTY SNAPSHOT

Housing

In 2025, 25% of Hampden County respondents reported housing issues that were a direct result of COVID-19.¹

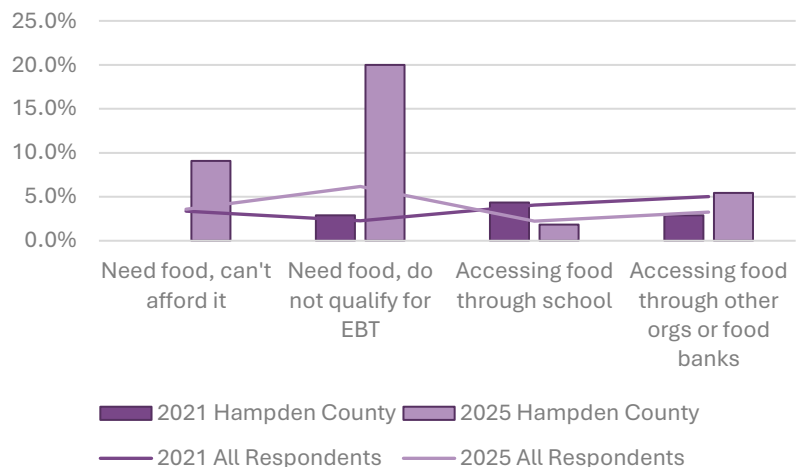

Figure Hampden 1: "Do any of these housing issues apply to you as a direct result of COVID-19?"

Accessing food

In 2025, 25% of Hampden County respondents were having trouble accessing food. This represents a marked increase from only 8% in 2021.

Figure Hampden 2: "If you are having difficulty accessing food, which of these apply?"

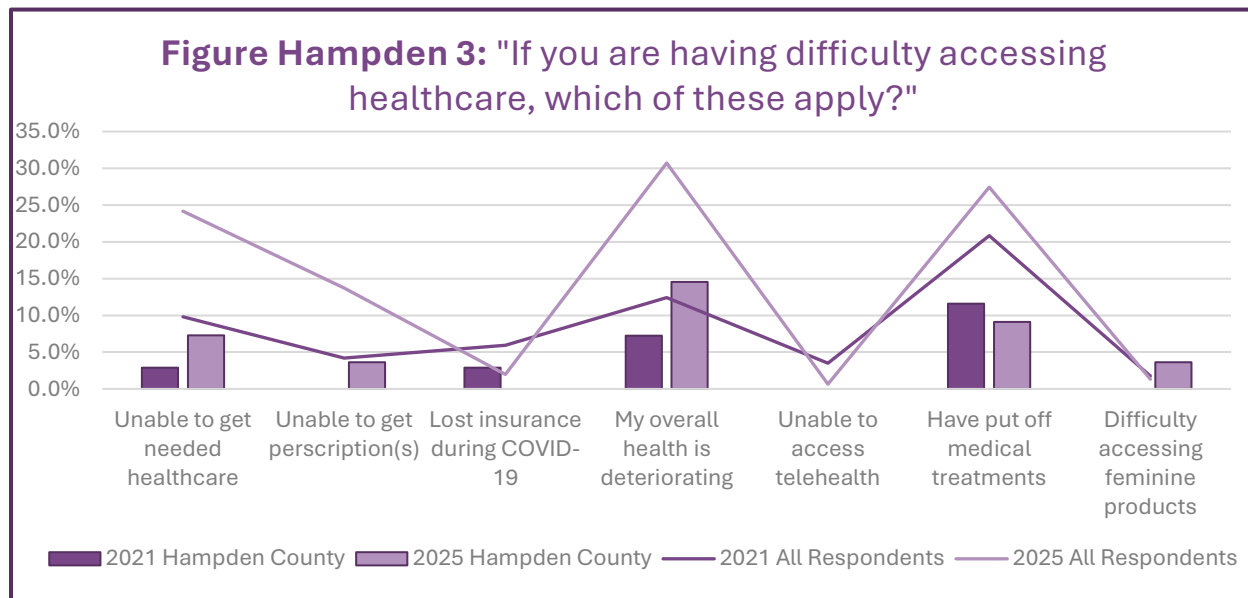

¹ In 2021, respondents did not have an option to indicate "none of these apply", therefore, for that year's data, it is not possible to see the percent of the total that experienced housing issues. For clarity, only 2025 county-data is reported here.

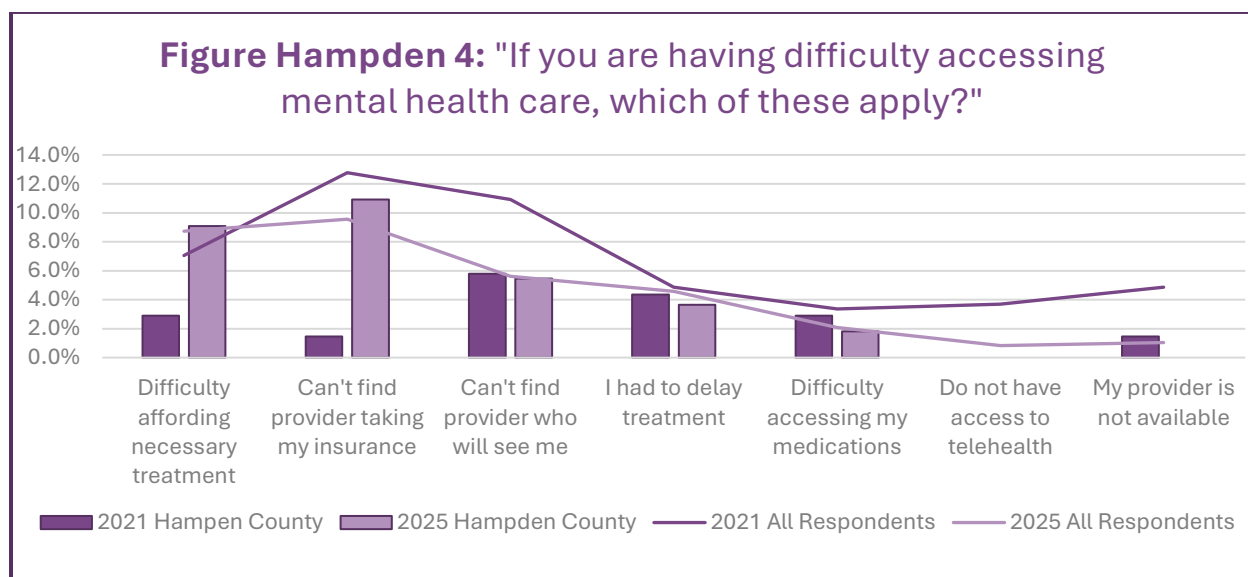

Healthcare

In 2025, 16% of Hampden County respondents were having difficulty accessing healthcare. This is a bit higher than in 2021, when 13% of Hampden County respondents were experiencing difficulty.

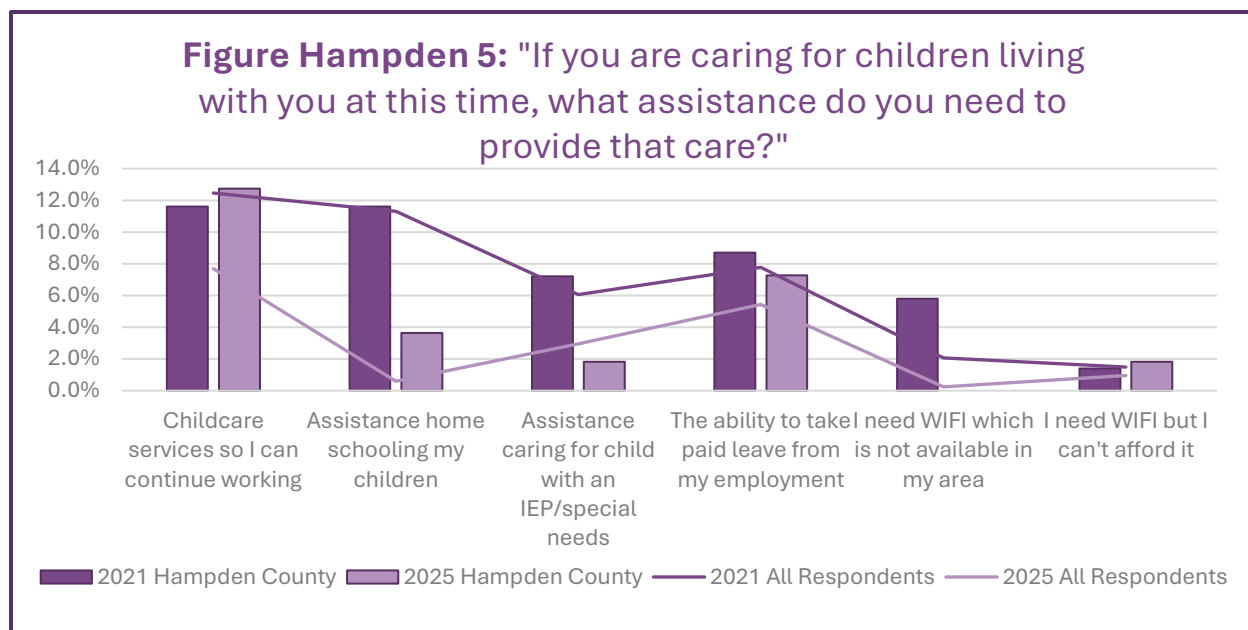

In 2025, 31% of Hampden County respondents had experienced discrimination in healthcare settings.

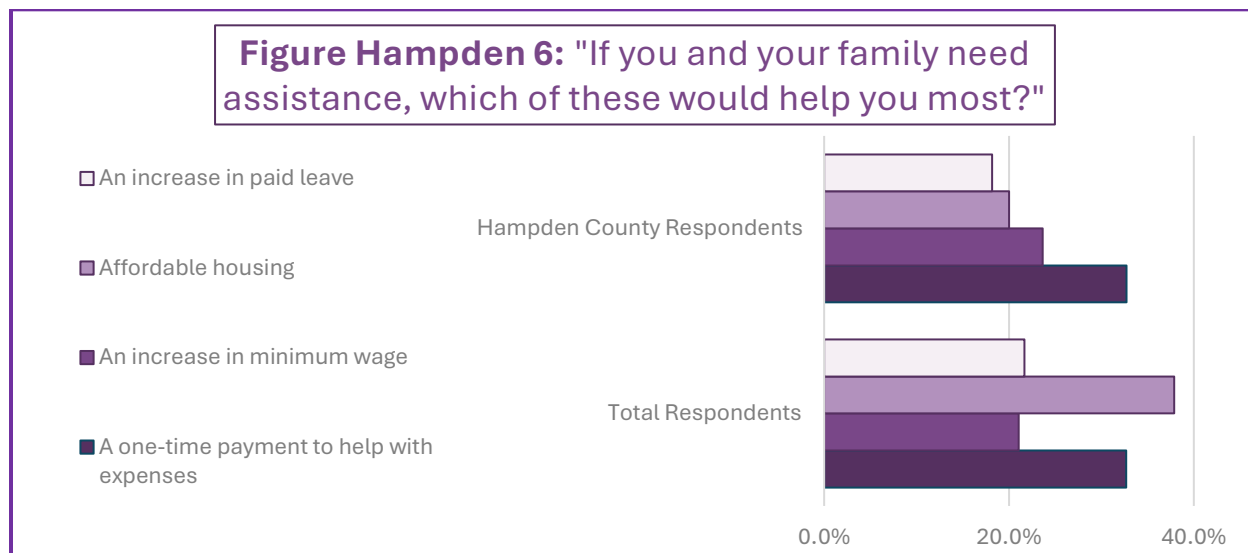

In 2025, 16% of Hampden County respondents were having difficulty accessing mental healthcare, compared to 12% who were having difficulty in 2021.

Dependent Care^{2,3}

Assistance Needed

² In 2021, respondents were given the options of "COVID 19 vaccinations" and "Reopening of schools", in addition to those listed here. These options were not included in 2025 and, therefore, omitted from the data displayed here.

³ Fewer than 10 respondents indicated caring for adults living with them in both 2021 and 2025.
