

HAMPSHIRE COUNTY SNAPSHOT

Housing

In 2025, 12% of Hampshire County respondents reported housing issues that were a direct result of COVID-19.¹

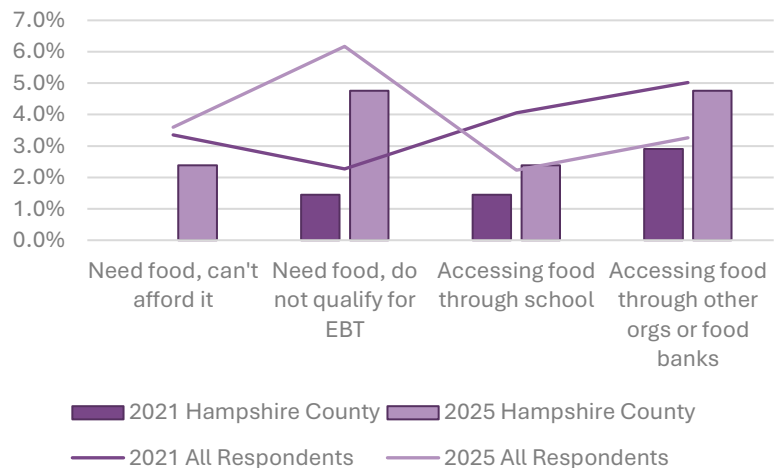

Figure Hampshire 1: "Do any of these housing issues apply to you as a direct result of COVID-19?"

Accessing food

In 2025, 12% of Hampshire County respondents were having trouble accessing food. This represents an increase from only 7% in 2021.

Figure Hampshire 2: "If you are having difficulty accessing food, which of these apply?"

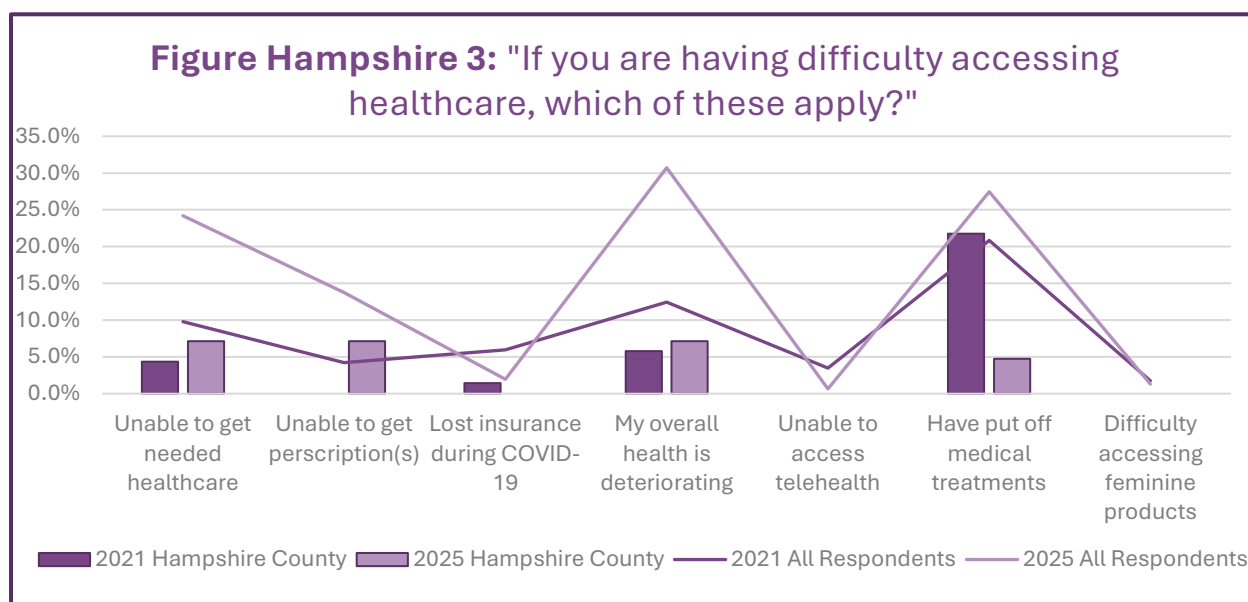

¹ In 2021, respondents did not have an option to indicate "none of these apply", therefore, for that year's data, it is not possible to see the percent of the total that experienced housing issues. For clarity, only 2025 county-data is reported here.

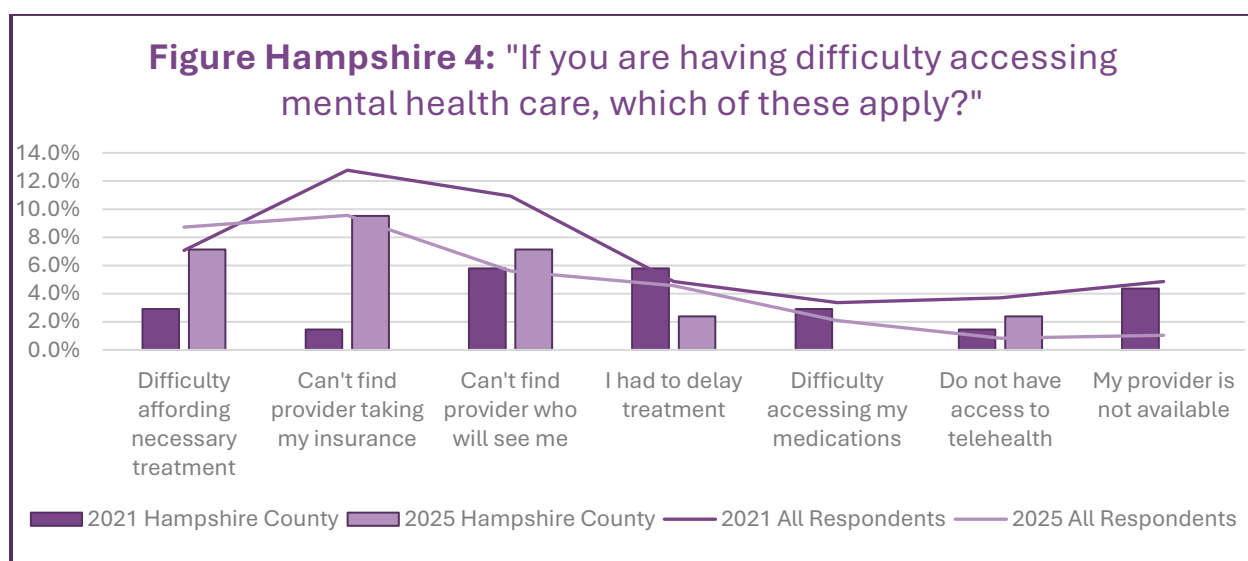

Healthcare

In 2025, 26% of Hampshire County respondents were having difficulty accessing healthcare. In 2021, 17% of Hampshire County respondents were experiencing difficulty.

In 2025, 19% of Hampshire County respondents had experienced discrimination in healthcare settings.

In 2025, 17% of Hampshire County respondents were having difficulty accessing mental healthcare. This percentage has remained relatively constant since 2021, when 18% reported having difficulty.

Dependent Care²

Figure Hampshire 5: "If you are caring for children living with you at this time, what assistance do you need to provide that care?"

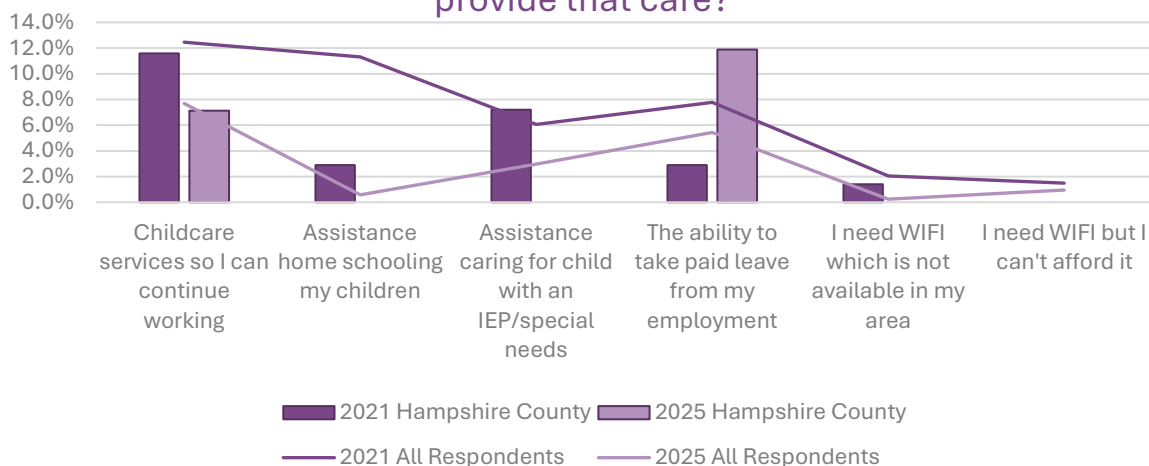

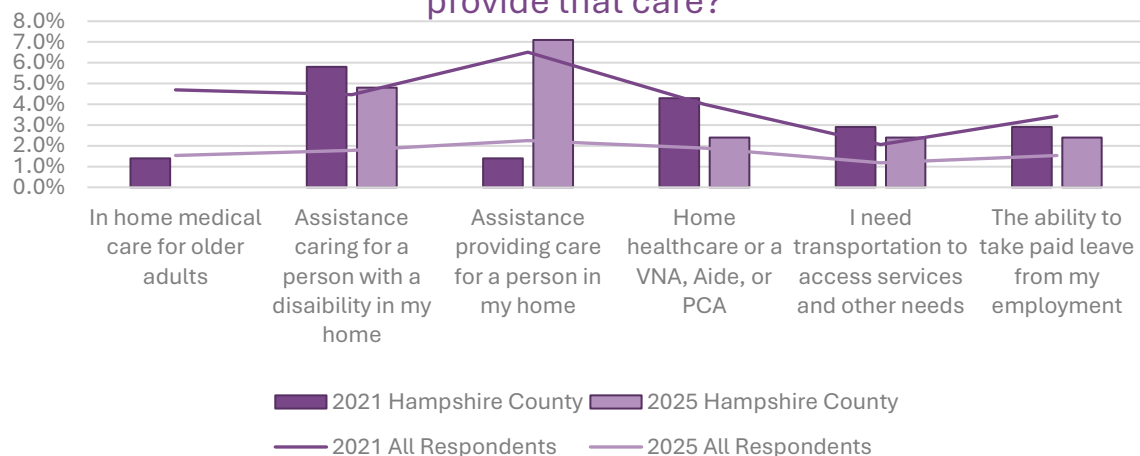

Figure Hampshire 6: "If you are caring for adults living with you at this time, what assistance do you need to provide that care?"

² In 2021, respondents were given the options of "COVID 19 vaccinations" and "Reopening of schools", in addition to those listed here. These options were not included in 2025 and, therefore, omitted from the data displayed here.

Assistance Needed

Figure Hampshire 7: "If you and your family need assistance, which of these would help you most?"
