

MIDDLESEX COUNTY SNAPSHOT

Housing

In 2025, 8% of Middlesex County respondents reported housing issues that were a direct result of COVID-19.¹

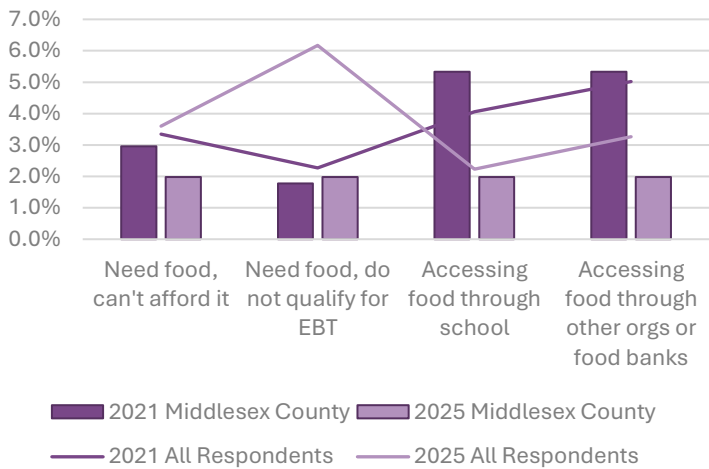

Figure Middlesex 1: "Do any of these housing issues apply to you as a direct result of COVID-19?"

Accessing food

In 2025, 9% of Middlesex County respondents were having trouble accessing food. This represents a decrease from 14% in 2021.

Figure Middlesex 2: "If you are having difficulty accessing food, which of these apply?"

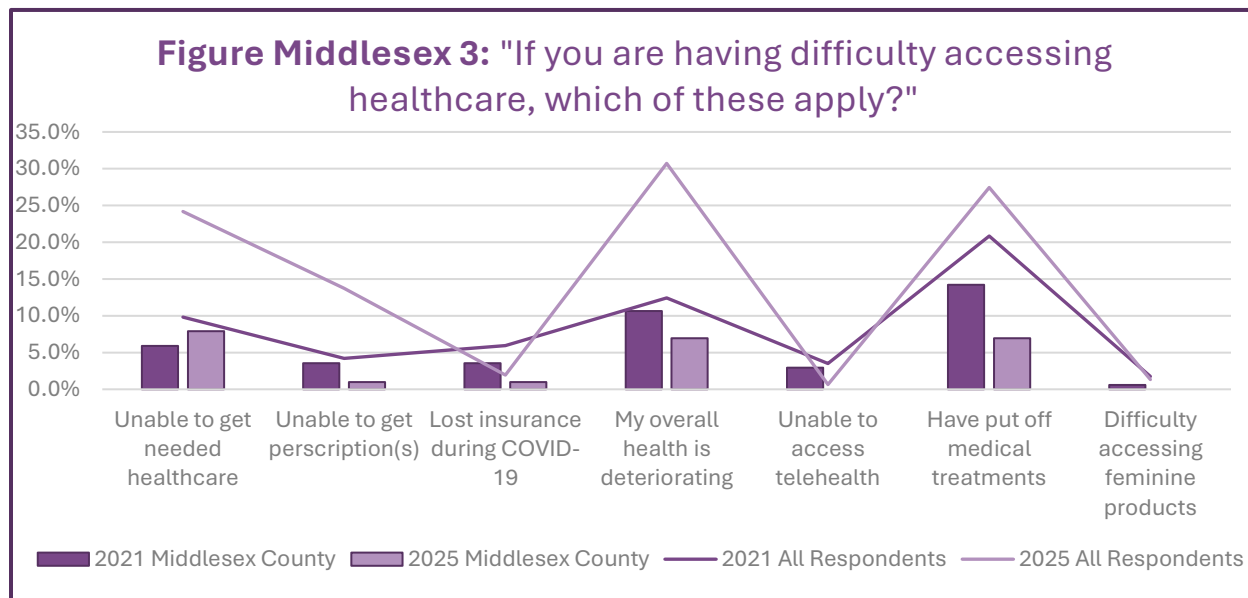

¹ In 2021, respondents did not have an option to indicate "none of these apply", therefore, for that year's data, it is not possible to see the percent of the total that experienced housing issues. For clarity, only 2025 county-data is reported here.

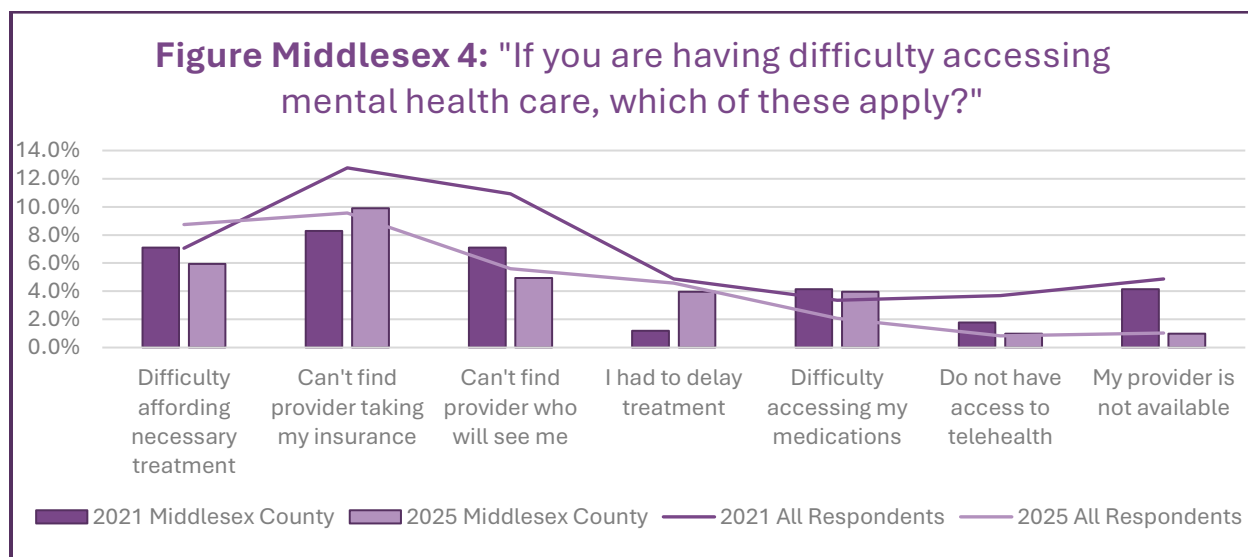

Healthcare

In 2025, 15% of Middlesex County respondents were having difficulty accessing healthcare. This percentage has remained relatively constant since 2021, when 16% of Middlesex County respondents were experiencing difficulty.

In 2025, 28% of Middlesex County respondents had experienced discrimination in healthcare settings.

In 2025, 11% of Middlesex County respondents were having difficulty accessing mental healthcare. This percentage represents a decrease since 2021, when 19% reported having difficulty.

Dependent Care²

Figure Middlesex 5: "If you are caring for children living with you at this time, what assistance do you need to provide that care?"

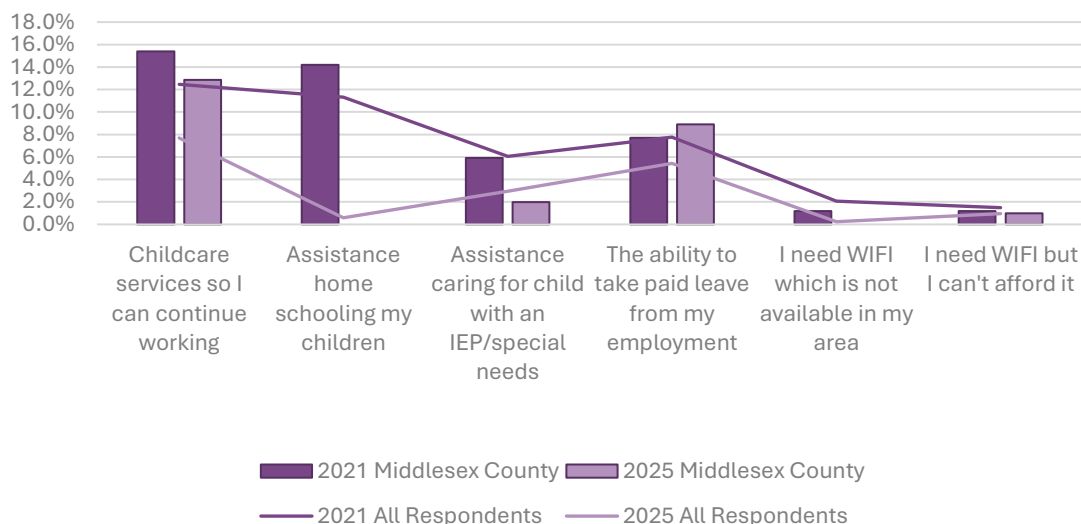

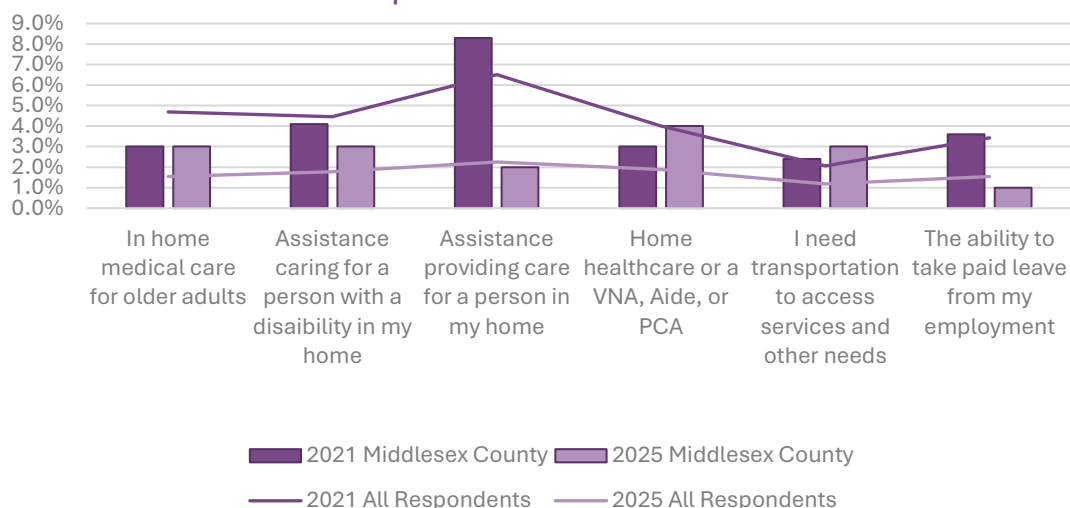

Figure Middlesex 6: "If you are caring for adults living with you at this time, what assistance do you need to provide that care?"

² In 2021, respondents were given the options of "COVID 19 vaccinations" and "Reopening of schools", in addition to those listed here. These options were not included in 2025 and, therefore, omitted from the data displayed here.

Assistance Needed

Figure Middlesex 7: "If you and your family need assistance, which of these would help you most?"
