

PLYMOUTH COUNTY SNAPSHOT

Housing

In 2025, 10% of Plymouth County respondents reported housing issues that were a direct result of COVID-19.¹

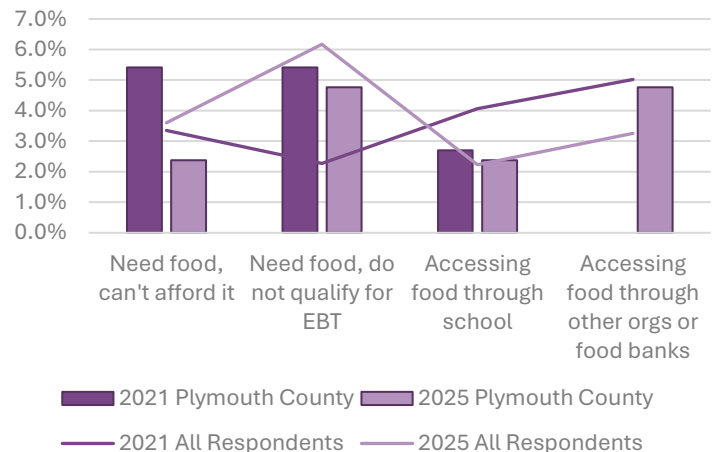

Figure Plymouth 1: "Do any of these housing issues apply to you as a direct result of COVID-19?"

Accessing food

In 2025, 12% of Plymouth County respondents were having trouble accessing food. This represents a decrease from 16% in 2021.

Figure Plymouth 2: "If you are having difficulty accessing food, which of these apply?"

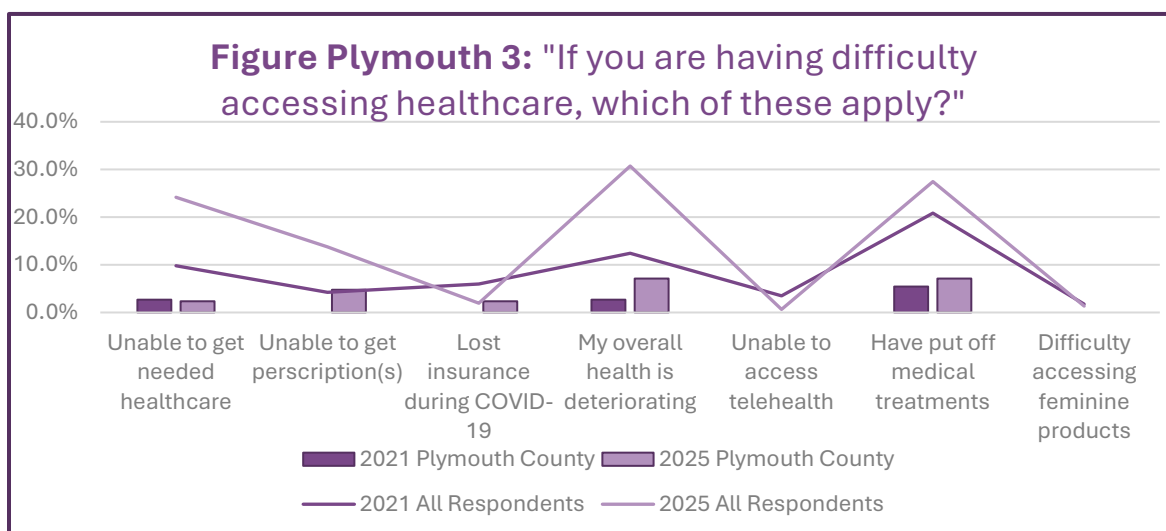

¹ In 2021, respondents did not have an option to indicate "none of these apply", therefore, for that year's data, it is not possible to see the percent of the total that experienced housing issues. For clarity, only 2025 county-data is reported here.

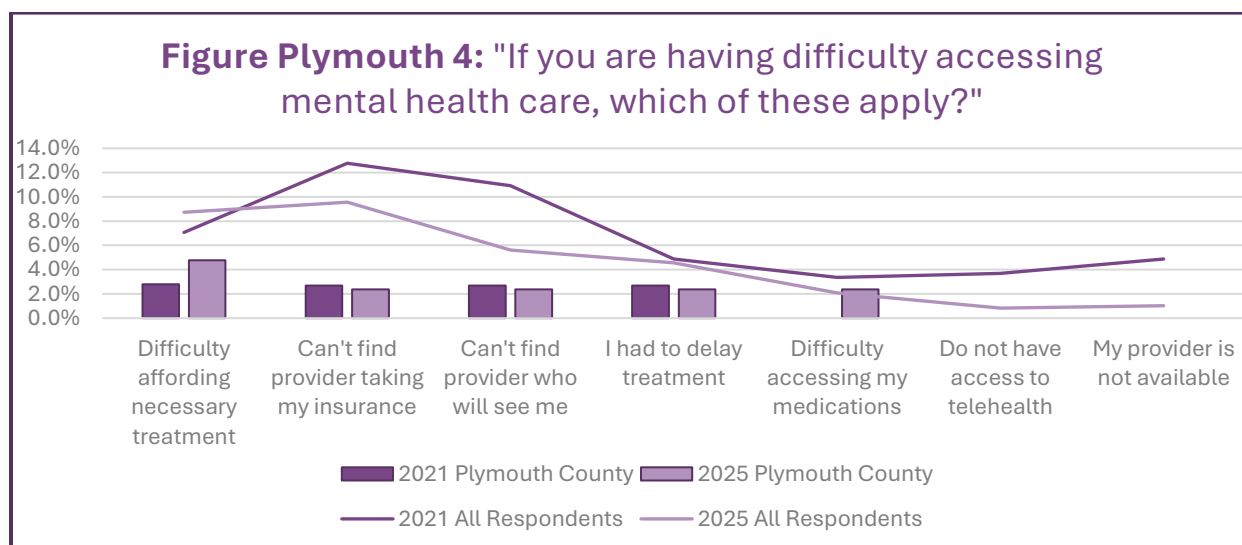

Healthcare

In 2025, 12% of Plymouth County respondents were having difficulty accessing healthcare, a percentage that has held relatively constant since 2021 when 11% of Plymouth County respondents were experiencing difficulty.

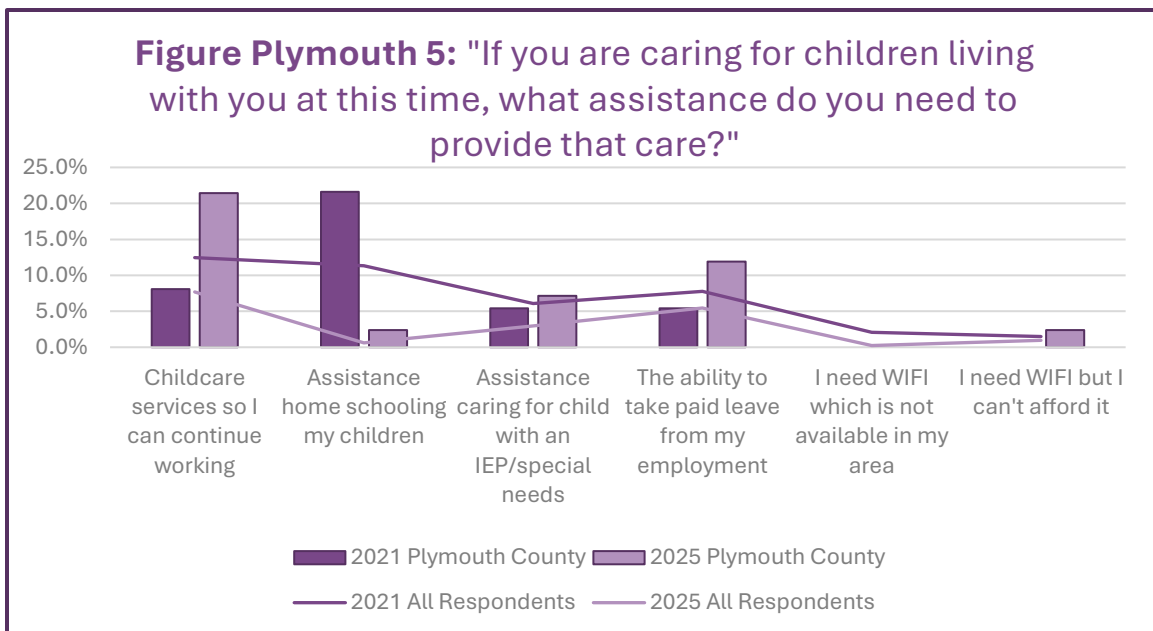

In 2025, 31% of Plymouth County respondents had experienced discrimination in healthcare settings.

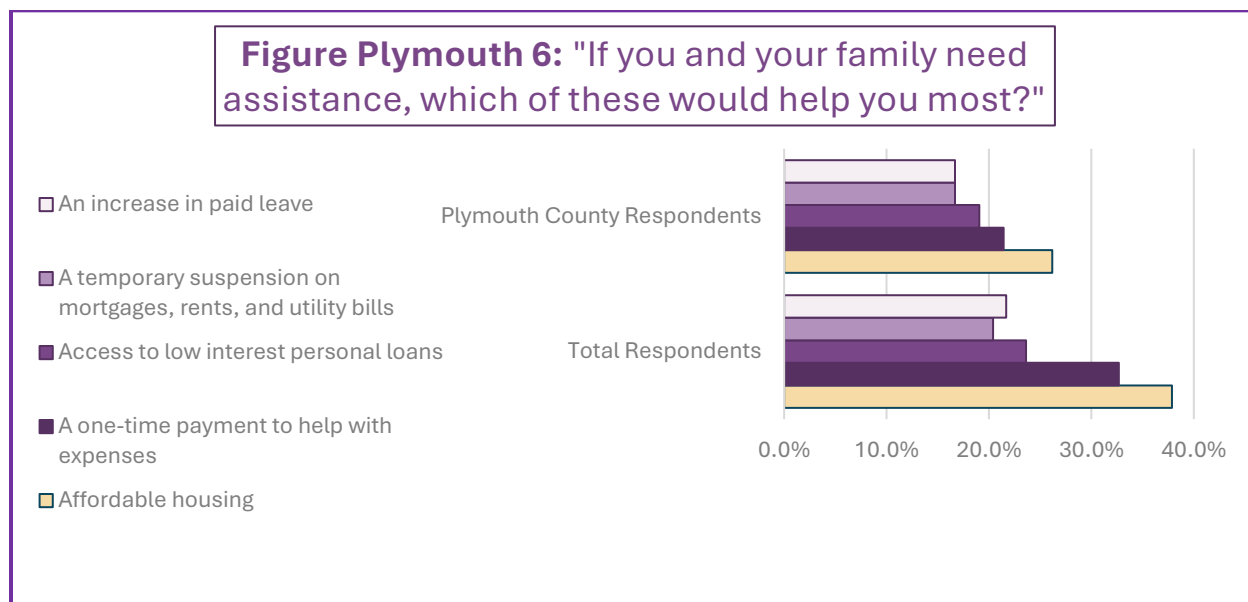

In 2025, 10% of Plymouth County respondents were having difficulty accessing mental healthcare. This percentage has also remained relatively constant since 2021 when 8% of Plymouth County respondents were having difficulty.

Dependent Care^{2,3}

Assistance Needed

² In 2021, respondents were given the options of "COVID 19 vaccinations" and "Reopening of schools", in addition to those listed here. These options were not included in 2025 and, therefore, omitted from the data displayed here.

³ Fewer than 10 respondents indicated caring for adults living with them in both 2021 and 2025.
