Community Needs Assessment: Take the UMCSW Survey

2026 Data Collection

Please scan the QR code to take our feedback survey!

Are you a Massachusetts resident who lives in the Upper Middlesex area? The Upper Middlesex Commission on the Status of Women (UMCSW) is launching a new survey to hear from women, girls, and gender-expansive people across our region. Your anonymous survey responses will help shape legislative priorities, policy recommendations, community programs and events, and more. The survey takes about 5 to 7 minutes, is for people 18 and older, and responses are kept confidential. The survey is available in four languages, and all are invited to share their stories with the UMCSW in an effort to better understand the status of women and girls in your region.
